

Subject: Gap Codes

Effective Date: 07/2018

Most OSU Health Plan fee schedule allowables are based on the relative values created under the Medicare Physician Fee Schedule (MPFS). However, these values, generated by the Centers for Medicare and Medicaid Services (CMS), do not provide information for services not covered by Medicare and result in holes or gaps in the schedule. For these “gap codes”, OSU Health Plan uses a proprietary pricing system that calculates allowables using the using the same CF (Conversion Factor) and GPCIs (Geographic Practice Cost Indicators) that other Medicare codes are based on.

Below is the complete list of Gap Codes for 2018:
